

## **Advancement Committee of the Denver Area Council, Boy Scouts of America**

### **Policy on Eagle Boards of Review**

#### **Issue**

The Council Advancement Committee, during its August 16, 2018 meeting, discussed the issue of who is authorized to identify the persons who may serve as District Representatives on Eagle Boards of Review. The Council Advancement Committee also discussed issues related to conducting Eagle Boards of Review at the unit level versus the district level.

#### **Background**

The Guide to Advancement (2017), Para. 8.0.3.0 (1), states that “Council advancement committees must determine – and make known – method(s) for conducting Eagle Scout board of review: whether unit committees or the council or district advancement committees administer them, and also how board chairpersons are selected.” Para. 8.0.3.0 (2), states that “If conducted at the unit level, at least one district or council representative, who is not affiliated with the unit, must serve as a member. If the unit requests it, more than one may do so.”

#### **Policy**

Under the authority of The Guide to Advancement (2017), Para. 8.0.3.0(1), the Council Advancement Committee has agreed to authorize the Chairperson of each District Advancement Committee to identify the persons who may serve as representatives of their District in Eagle Boards of Review. The Council Advancement Committee also has agreed to authorize the Chairperson of each District Advancement Committee to determine whether their District will conduct Eagle Boards of Review at the unit level or the district level.

This policy is effective as of September 4, 2018.
